Pune, India • +91 79032 26437 • cs.aghasyedi@gmail.com • [Portfolio](#) • [GitHub](#) • [LinkedIn](#)

EDUCATION

School of Quantum Technology (SQT), DIAT-DRDO

Pune, India

M.Tech in Quantum Computing (Specialisation: Quantum Communication & Sensing)

Expected June 2027

- **CGPA:** 8.35 | **Selected Coursework:** Q Communications, Q Computing, Q Metrology & Sensing, Classical & Post-Quantum Cryptography, Q Optics.

Sam Higginbottom Univ. of Agriculture, Tech & Sciences

Prayagraj, India

B.Tech in Computer Science & Engineering

Aug 2021 – Jun 2025

- **CGPA:** 8.11 | **Selected Coursework:** Software Engineering, Blockchain Technology, Cryptography.

RESEARCH INTERESTS

Quantum Communication • Free-Space QKD • Quantum Algorithms • Quantum Metrology

TECHNICAL SKILLS

- **Quantum Computing:** Qiskit, Q Algorithms, Q Information Theory, Q Communications, Q Optics
- **Programming Languages:** Python, Java, C, JavaScript, SQL
- **Web Technologies:** HTML5, CSS3, Flask, Web3.js
- **Databases:** PostgreSQL, MySQL
- **Cryptography:** Post-Quantum Cryptography, RSA, AES, SHA-256
- **Scientific Tools:** MathJax, KaTeX

FEATURED PROJECTS

BB84 Quantum Key Distribution Simulator

Vanilla JavaScript, HTML5, CSS3, Canvas API, KaTeX | [Live Demo](#) | [GitHub](#)

- Developed a browser-based BB84 QKD simulator with photon transmission, basis reconciliation, QBER analysis, Cascade & LDPC error correction, and Toeplitz-hashing privacy amplification.

AQCA: All Quantum Computing Algorithms

Python (Qiskit), JavaScript, HTML5/CSS3, MathJax v3 | [Live Demo](#) | [GitHub](#)

- Developed an educational platform featuring interactive simulations of 12 quantum algorithms, including QFT, QPE, Grover's, Deutsch-Jozsa, and Shor's Algorithm. Built browser-based simulations without requiring backend infrastructure.

EduPresence: Learning Management System

Python (Flask), PostgreSQL, Face Recognition, Google OAuth, Jitsi Meet | [GitHub](#)

- Full-stack LMS with role-based access, face-recognition/QR attendance, Google OAuth, and Jitsi Meet integration.

EXPERIENCE

LPS Web Technology

Sep 2023 – Dec 2023

PHP & MySQL Intern

- Developed backend modules using PHP and MySQL, improving application functionality and data management efficiency.

AVingenious Technologies

Jun 2023 – Aug 2023

Web Design Intern

- Designed and implemented responsive web layouts, improving user experience and UI responsiveness.

CERTIFICATIONS

Quantum Mechanics (26h), Modern Physics & Quantum Mechanics (10h), Quantum Computing (5.5h), Particle Accelerators (11h), Electrodynamics (12h), Neutrino Physics (8h), The evolving universe (65h), Astronomy & the Universe (20h), Astrobiology (11h), Quantum Science (International Young Quantum Scientists' Meet)

ACHIEVEMENTS

- GATE Qualified (Computer Science) in 2024 and 2025.
- Recipient of the AICTE Postgraduate (PG) Scholarship awarded to GATE-qualified M.Tech students.

POSITIONS OF RESPONSIBILITY

Coordinator (Rangoli Event) Sports Coordinator — SPANDAN 2026
